Brigham And Women's Hospital Summer Internship Opportunities 2025 Apply Now

Description

Brigham and Women's Hospital is seeking enthusiastic, driven, and passionate undergraduate students to join our prestigious Summer Internship Program for 2025. This internship offers an invaluable opportunity to gain hands-on experience in healthcare, research, and administrative work while working with world-class professionals in a hospital setting. As an intern, you will support various departments and gain practical skills that will lay the foundation for a successful career in medicine, healthcare, and related fields.

Responsibilities

- Assist in clinical, research, and administrative tasks across various hospital departments.
- Support healthcare professionals in patient care, medical research, or data analysis tasks.
- Participate in meetings, conferences, and workshops to broaden your understanding of healthcare practices and medical advancements.
- Contribute to the development of healthcare-related projects or reports, depending on the department.
- Collaborate with other interns, staff members, and faculty to foster a learning and growth-oriented environment.
- Maintain accurate records and files, ensuring confidentiality and compliance with hospital policies.
- Help with data collection and preliminary analysis for ongoing research projects.
- Participate in mentoring sessions and network with professionals across the medical field.

Qualifications

- Currently enrolled as an undergraduate student in good academic standing.
- Minimum of 1-2 years of completed coursework in a relevant field (e.g., Biology, Public Health, Medicine, Healthcare Administration).
- A strong interest in healthcare, clinical research, or healthcare administration.
- Must be a U.S. citizen or permanent resident.

Experience

- Previous experience in healthcare settings, research, or internships is preferred, but not required.
- Experience with Microsoft Office Suite (Word, Excel, PowerPoint) is beneficial.
- Previous volunteer work or academic projects related to healthcare or medicine will be considered an asset.
