## Department Of Defense Internship Students Program 2025

### Description

The Department of Defense (DoD) Internship Students Program 2025 provides undergraduate and graduate students with an opportunity to gain valuable experience in national security, defense operations, and technology. This program aims to cultivate the next generation of leaders and professionals dedicated to serving the nation. Interns will work alongside DoD experts and gain hands-on experience in critical areas related to defense, cybersecurity, engineering, policy, and research.

### Responsibilities

- Support various DoD departments by assisting with ongoing projects, research, and analysis.
- Participate in data collection, analysis, and reporting to inform policy and operational decisions.
- Collaborate with teams across different divisions to understand complex defense-related challenges.
- Assist in the preparation of presentations, reports, and briefings for senior leadership.
- Attend DoD meetings and contribute to discussions, offering insights from academic knowledge and research.
- Engage in training and development sessions to enhance your professional skills and understanding of defense operations.
- Conduct research in areas such as technology, strategy, security policy, or logistics.
- Assist with administrative tasks and project coordination as required.

### Qualifications

- Currently enrolled in a U.S.-accredited undergraduate or graduate degree program at the time of application.
- Majors related to national security, political science, international relations, computer science, engineering, cybersecurity, or related fields are preferred.
- U.S. citizenship is required.
- Must be able to pass a background check and security clearance (if necessary).

### Experience

- No prior work experience required, but previous internships or research experience in defense, policy, technology, or related fields will be an advantage.
- A demonstrated interest in the defense industry, national security, or public service is highly preferred.
