Freddie Mac Internship Recent Graduate Students Opportunities 2025 Apply Here

Description

Freddie Mac is excited to offer internship opportunities for recent graduate students in 2025. As a leading provider of mortgage financing, Freddie Mac offers unique opportunities to work at the intersection of finance, technology, and housing. This internship will provide valuable hands-on experience, exposure to the mortgage industry, and an opportunity to contribute to key projects that support Freddie Mac's mission. Recent graduates will work alongside industry experts to gain insights into financial services, technology solutions, and operational practices.

Responsibilities

- Contribute to ongoing projects within the assigned department, gaining practical exposure to the mortgage finance industry.
- Analyze data and prepare reports to support decision-making and business strategies.
- Assist with research on industry trends, market analysis, and regulatory changes.
- Collaborate with cross-functional teams to provide solutions to business challenges.
- Support the development and implementation of new processes, tools, and technologies.
- Contribute to the creation of presentations and documentation for both internal and external stakeholders.
- Participate in meetings, workshops, and training sessions to enhance professional growth and development.
- Provide administrative support, including data entry, organizing meetings, and preparing materials for business presentations.
- Take on additional responsibilities as needed and work on special projects aligned with Freddie Mac's strategic goals.

Qualifications

- Recent graduate (within the last 12 months) with a bachelor's degree in Finance, Economics, Computer Science, Business Administration, or a related field.
- Strong academic performance with coursework or training relevant to the mortgage, financial services, or technology industries.
- Proficient in Microsoft Office Suite (Excel, PowerPoint, Word); familiarity with data analysis tools or financial modeling software is a plus.
- Basic understanding of the mortgage or housing finance industry is desirable but not required.

Experience

- No previous work experience required; however, prior internships, research projects, or academic coursework related to finance, business, economics, or technology is a plus.
