# Iah Airport Internship Business Students Opportunities 2025

## Description

The George Bush Intercontinental Airport (IAH) is offering an exciting internship opportunity for business students in 2025. This program is designed to provide hands-on experience in airport operations, management, and business development. Interns will work alongside industry professionals to gain a deeper understanding of the aviation, transportation, and customer service sectors, while supporting key departments involved in the airport's operations. This internship aims to provide a well-rounded experience that will enhance career opportunities in the business and aviation industries.

## Responsibilities

- Assist in analyzing business data and identifying opportunities for operational improvements.
- Support departments involved in customer service, marketing, business development, and operations.
- Help in the preparation of reports, presentations, and internal communications.
- Conduct research on industry trends, customer satisfaction, and competitive benchmarking.
- Participate in meetings and discussions to contribute fresh perspectives and ideas.
- Assist with managing and optimizing airport business processes and procedures.
- Provide support in organizing airport events, promotions, and public relations activities.
- Contribute to the coordination and execution of airport business strategies.
- Work on special projects as assigned by supervisors or department heads.
- Interact with various airport teams to learn about different functions and operations.

## Qualifications

- Currently enrolled in or a recent graduate of a degree program in Business Administration, Management, Marketing, or a related field.
- Strong academic record and interest in the aviation or transportation industries.
- Must be able to work a minimum of [X] hours per week, with flexible scheduling available to accommodate academic commitments.
- Authorized to work in the United States.

## Experience

- Previous internship experience in business, marketing, or operations is preferred but not required.
- Experience with customer service, project management, or event coordination is an advantage.
