## Network Rail Summer Internship Placements 2025

### Description

Network Rail's Summer Internship Placements 2025 offer a fantastic opportunity for students to gain practical experience within the rail industry. As an intern, you will have the chance to work with experts in the field, contributing to projects that directly impact the UK's railway infrastructure. This program is designed to help you develop your professional skills while exploring various career paths within Network Rail, including engineering, operations, project management, and more. By the end of the internship, you will have gained invaluable industry experience and enhanced your employability for future opportunities in the rail sector.

### Responsibilities

- **Project Assistance:** Work on key projects across different departments, such as civil engineering, systems engineering, signalling, or operational planning. Assist with project planning, coordination, and execution.
- **Data Collection and Analysis:** Collect and analyze data related to rail operations, safety, or engineering systems. Contribute to reports and provide insights that support decision-making.
- **Team Collaboration:** Work closely with professional engineers, technicians, and project managers. Participate in team meetings and contribute ideas and solutions.
- **Problem-Solving:** Assist with identifying challenges in current processes or systems and provide potential solutions. Collaborate with teams to implement improvements.
- **Field Visits:** Depending on your role, you may visit operational sites to observe how projects are executed and gain hands-on experience in the field.
- **Professional Development:** Participate in training sessions, workshops, and networking events. Receive guidance and mentorship from experienced Network Rail employees.
- **Presentation and Reporting:** Present findings and contribute to progress updates, demonstrating your contributions to the team.

### Qualifications

- Currently pursuing a degree in a relevant field such as Civil Engineering, Mechanical Engineering, Electrical Engineering, Project Management, Rail Transport, or a similar discipline.
- Must be in the penultimate year of study (i.e., graduating in 2026 or later).
- Strong academic performance (minimum 2:1 or equivalent) is desirable but not essential.

### Experience

- No prior work experience is necessary, though any experience related to engineering, project management, or rail industry would be beneficial.
- Exposure to teamwork or project-based work in academic or extracurricular settings is advantageous.

### Hiring organization

Network Rail Internship

### Employment Type

Intern

### Duration of employment

6 Months

### Industry

Rail Transportation

### Job Location

London, England, United Kingdom,,  
E1 8RU,, London,, England,, United Kingdom,

### Working Hours

8

### Base Salary

10

### Date posted

December 12, 2024

### Valid through

24.12.2026

- Interest in the rail industry, infrastructure, or transportation systems is beneficial.

## Skills

- **Technical Skills:** Understanding of engineering principles and practices. Familiarity with relevant software such as AutoCAD, MATLAB, or MS Project is an advantage.
- **Communication:** Strong written and verbal communication skills; ability to express complex ideas clearly to both technical and non-technical stakeholders.
- **Teamwork:** Ability to collaborate effectively within diverse teams and contribute to group discussions and decision-making.
- **Problem-Solving:** Logical thinker with the ability to approach challenges creatively and methodically.
- **Organizational Skills:** Ability to manage multiple tasks, meet deadlines, and maintain attention to detail in fast-paced environments.
- **Adaptability:** Ability to adjust to new situations and handle change in a dynamic working environment.

## Job Benefits

- **Competitive Salary:** Competitive pay for the duration of the internship.
- **Learning and Development:** Access to a comprehensive learning program, training workshops, and opportunities for personal and professional development.
- **Networking Opportunities:** Engage with professionals across various departments and build valuable connections within the rail industry.
- **Career Prospects:** High potential for future employment opportunities with Network Rail, including graduate roles and apprenticeships after graduation, subject to performance and available positions.
- **Employee Benefits:** Discounts on travel, health and well-being programs, and other employee perks.
- **Experience in a Key Industry:** Gain practical experience in one of the UK's most vital industries, contributing to the future of the nation's transport infrastructure.

## How To Apply

- **Online Application:** Visit the Network Rail careers website to submit your application. Include your CV, a cover letter explaining your interest in the internship, and your relevant skills and qualifications.
- **Selection Process:** Successful applicants will be invited to attend an online or in-person interview, where you may be asked about your academic background, interest in the rail industry, and problem-solving abilities.
- **Application Deadline:** All applications must be submitted. Ensure that your application is complete and submitted before the closing date.
