NHTSA Internship Recent Graduate Students 2025 Opportunities

Description

The National Highway Traffic Safety Administration (NHTSA) is seeking motivated recent graduate students to join our team as interns for 2025. This program is designed to provide hands-on experience in the field of transportation safety, allowing interns to contribute to projects aimed at reducing road-related injuries and fatalities. Interns will work closely with experienced professionals and have opportunities to develop skills in policy analysis, data analysis, research, public safety initiatives, and more.

Responsibilities

- **Data Analysis & Research:** Conduct research on traffic safety trends, analyze data, and assist with drafting reports that support NHTSA's mission to improve road safety.
- **Policy Support:** Assist in reviewing and analyzing federal and state policies related to transportation and highway safety. Contribute to developing policy recommendations.
- **Program Support:** Help design, implement, and evaluate NHTSA programs aimed at preventing traffic accidents and improving road safety.
- **Outreach & Communication:** Participate in public safety campaigns, prepare communication materials, and assist in managing stakeholder relationships.
- **Administrative Tasks:** Support various administrative tasks as needed, including preparing presentations, maintaining project documentation, and organizing meetings.

Qualifications

- Recent graduate (within the past two years) from an accredited institution with a bachelor's or master's degree in Public Health, Public Policy, Data Science, Statistics, Engineering, or a related field.
- Must be a U.S. citizen or have work authorization for internship duration.
- Demonstrated commitment to improving public safety and interest in the transportation sector.

Experience

- Previous internship or coursework related to transportation safety, public policy, or data analysis is preferred.
- Experience with data analysis software (e.g., R, Python, Excel) and familiarity with data visualization tools (e.g., Tableau) is an asset.
- Previous involvement in public safety or governmental programs is a plus.

Skills

- **Analytical Skills:** Ability to interpret data, identify trends, and communicate findings clearly.

Hiring organization
NHTSA

Employment Type
Intern

Duration of employment
6 Month

Job Location
Washington, D.C., United States,
20001, Washington, D.C., United States

Working Hours
8

Base Salary
10

Date posted
October 31, 2024

Valid through
09.10.2026

- **Communication:** Strong written and verbal communication skills, including the ability to convey complex information in an accessible way.
- **Attention to Detail:** High attention to detail to ensure accuracy in data analysis and reporting.
- **Time Management:** Ability to manage multiple tasks and meet deadlines.
- **Team Collaboration:** Proven ability to work effectively in a team environment and collaborate with diverse groups.

Job Benefits

- Gain hands-on experience in a federal agency dedicated to public safety.
- Develop skills in policy analysis, data analysis, and project management.
- Networking opportunities with professionals in the transportation safety field.
- Competitive stipend or hourly compensation.
- Potential for career advancement within NHTSA or other federal agencies.

How To Apply

To apply, submit your resume, cover letter, and unofficial transcript to [NHTSA's internship application portal/website]. Include details on relevant coursework, previous internships, and projects related to transportation safety. Applications are reviewed on a rolling basis, so early submission is encouraged. For questions about the application process, please contact the NHTSA internship coordinators .
