Raytheon Missiles And Defense Summer Internship Placements 2025

Description

Raytheon Missiles & Defense, a global leader in advanced technology and defense solutions, is seeking passionate and innovative students for our Summer Internship Placements in 2025. This internship provides hands-on experience in engineering, data analysis, cybersecurity, software development, and more, offering a unique opportunity to work on high-impact projects that contribute to national security and defense.

Responsibilities

As an intern at Raytheon Missiles & Defense, you will:

- **Collaborate with Experienced Teams**: Work alongside seasoned engineers and professionals on real-world projects that directly support our products and services.
- **Conduct Research and Development**: Participate in research, design, and development of advanced technologies related to missile defense and radar systems.
- **Assist with Data Analysis and Modeling**: Contribute to analysis and simulations that optimize system performance and support strategic decision-making.
- **Participate in Problem Solving and Innovation**: Tackle technical challenges and contribute ideas to improve current projects, processes, and solutions.
- **Documentation and Reporting**: Prepare reports, presentations, and documentation for project stakeholders, showcasing your findings and contributions.
- **Professional Development**: Engage in mentorship sessions, training workshops, and networking events with leaders and fellow interns.

Qualifications

- **Current Enrollment**: Must be a current student enrolled in an accredited undergraduate or graduate program.
- **Academic Focus**: Majoring in engineering, computer science, cybersecurity, physics, mathematics, or a related field.
- **GPA Requirement**: Minimum GPA of 3.0 is typically required, though specific programs may have additional GPA requirements.

Experience

- **Relevant Coursework**: Completion of courses related to engineering principles, cybersecurity, programming, or data analysis.
- **Project Experience**: Hands-on project work through academic programs or prior internships is a plus.

Skills

Hiring organization
Raytheon Missiles And Defense

Employment Type
Intern

Duration of employment
6 Months

Job Location
