Rolls-Royce Summer Internship Graduate Students 2025

Description

Join Rolls-Royce as a Summer Intern and gain unparalleled exposure to cutting-edge projects in engineering, innovation, and business management. This program is designed to provide graduate students with an opportunity to develop professional skills, work alongside industry experts, and contribute to real-world challenges, preparing you for a successful career in your chosen field.

Responsibilities

As a Summer Intern, you will:

- Collaborate with experienced teams to work on live projects and innovative solutions.
- Support critical initiatives in areas such as aerospace, propulsion systems, manufacturing, digital technology, and sustainability.
- Conduct research, analyze data, and deliver insightful reports to influence decision-making processes.
- Participate in team meetings, brainstorming sessions, and hands-on tasks.
- Present your findings and recommendations to key stakeholders at the end of the program.

Qualifications

To qualify, you must:

- Be currently enrolled in a graduate-level program (Master's or Ph.D.) in a relevant field such as Engineering, Business, Data Science, Computer Science, or related disciplines.
- Have a strong academic record, with a minimum of a 2:1 (or equivalent) in your degree.

Experience

- Prior internship or work experience in a relevant field is preferred but not mandatory.
- Proven experience working on group projects or extracurricular activities demonstrating teamwork and leadership skills.

Skills

- Strong analytical and problem-solving abilities.
- Excellent written and verbal communication skills.
- A keen interest in technology, innovation, and sustainability.
- Ability to work collaboratively in a fast-paced environment.
- Self-motivated with strong time-management skills.

Job Benefits

- Competitive internship salary.
