## UIHC Internship Nursing Students Hiring 2025 Apply Now

### Description

The University of Iowa Hospitals & Clinics (UIHC) is excited to offer internship opportunities for nursing students in 2025. This program provides hands-on clinical experience in one of the leading academic medical centers in the country. Interns will work under the supervision of experienced nurses and healthcare professionals, gaining exposure to a wide range of nursing specialties and advancing their clinical skills while contributing to the highest quality patient care.

### Responsibilities

- **Patient Care Assistance:** Provide direct patient care under the supervision of registered nurses, assisting with daily activities such as bathing, dressing, feeding, and mobility.
- **Clinical Observation:** Observe and assist in various nursing procedures, including medication administration, wound care, and patient assessments.
- **Charting and Documentation:** Accurately document patient information in electronic medical records (EMR) and assist with updating patient care plans.
- **Team Collaboration:** Work closely with nursing teams and multidisciplinary healthcare providers to ensure effective care delivery.
- **Patient Education:** Educate patients and families on health management, medication adherence, and discharge instructions under the guidance of nursing staff.
- **Assist in Nursing Rounds:** Participate in nursing rounds and team meetings, contributing to patient care discussions and learning opportunities.
- **Maintain Hygiene and Safety Standards:** Ensure that patient environments are safe, clean, and comfortable, adhering to infection control protocols.
- **Professional Development:** Participate in ongoing training, workshops, and educational opportunities related to nursing practice and healthcare.

### Qualifications

- Currently enrolled in an accredited nursing program (BSN or ADN) with a focus on clinical practice.
- Must have completed at least one year of nursing education, including clinical rotations, by the start of the internship.
- Current certification in Basic Life Support (BLS) or CPR is required.
- Availability for full-time or part-time internship positions during the specified internship period (typically summer, fall, or spring semester).

### Experience

- Previous clinical rotation experience in a hospital or healthcare setting is preferred but not required.
- Experience in healthcare-related volunteer work or community service is
